FERNO HARRIER LT-LBS
Bariatric Ambulance Trolley

Exceptional lifting power – with up to 77 lifts from a single battery charge

Ambulance trolleys need to be easily manoeuvrable and quickly secured within the vehicle – these considerations are an absolute must. But to perform the task to maximum efficiency you also need a trolley which can lift and carry even heavier patients without risk of injury to the operator – and without needing frequent battery recharges.

Ferno's **HARRIER LT-LBS** combines exceptional lifting power with a high capacity battery. It is capable of lifting up to 350kg unassisted, and will perform an amazing 77 lifts of 100kg with just a single battery charge.

The **HARRIER LT-LBS** is configurable to differing customer needs with a variety of options and accessories available, designed to improve the ease of use of the trolley.

- **Reduction in manual handling injuries –** lightweight, easy to operate design, incorporating ergonomic push/ pull handle options
- **Smooth powered lifting action –** lift up to 350 kg, with a soft start/stop vertical movement
- **Easy to manoeuvre** – lightweight trolley, using optimum performance low resistance wheels, with various operator push/pull handles and push-pole options
- **Simplified high-performance battery management** - Removable and rechargeable 28 V battery, with up to 77 lifts from one charge, visible battery level indicator, and just 1 hour recharge time (2 batteries & 240V charger supplied)
- **Excellent hygiene and infection control –** IPC compliant, incorporating anti-microbial paint finish, use of Silver Biosafe harness restraints and easy to clean pressure-relief mattress
- **Safe at night** – Reflective X-frame for increased visibility in low levels of light

Trolley configurations:

Harrier LT-LBS, standard-length extending cotsides (730 mm) with padded sidepads (900 mm)
Harrier LT-LBS, long extending cotsides (895 mm) with inflatable sidepads (1400 mm)

*Both configurations, cotsides extend to 2 width positions, 760 mm and 955 mm width.

Full range of configurable options and accessories available:
