

PRO 28Z™

Chair Cot

68% more STABILITY*

more MANEUVERABILITY

- enables the PRO 28Z to transform from a cot to a chair for ultimate maneuverability in confined spaces
- SAE J3027 Compliant with iINLINE Cot Fastening System for in-ambulance safety
- One-Hand release mechanism quickly and easily switches the Pro 28Z between three locked positions: Chair, intermediate, and cot

The **PRO 28Z Chair Cot** — provides exceptional maneuverability and stability. With its specialized ZFrame™ Advanced Positioning, the PRO 28Z transforms from a cot to a chair so that you can easily navigate tight hallways, narrow staircases, and elevators — all without transferring the patient. The PRO 28Z is compatible with the FERNO iINLINE® Cot Fastening System for SAE-compliant safety in the ambulance.

Swing-up undercarriage
allows easy roll-in and roll-out unloading

Easily transitions from cot to chair position
with ZFrame Advanced Positioning

Cross-Compatible

PRO 28Z™ Chair Cot

FEATURES AND BENEFITS

ENHANCED PATIENT CARE, COMFORT AND SAFETY

- **ZFrame Advanced Positioning** enables the Pro 28Z to transform from a cot to a chair, for ultimate maneuverability in confined spaces.
- **Most compact chair cot on the market** with a footprint of only 47" x 25" in the chair position.
- **One-hand release mechanism** quickly and easily switches the Pro 28Z between three locked positions: Chair, intermediate and cot.
- **TipRESIST Advanced Stability technology** provides 68% more tip resistance in the seated position*
- **Swing-up undercarriage** allows easy roll-in loading and roll-out unloading (One-man loading and unloading is possible when the cot is empty, two operators are always required during patient transports)

- **SX Surface Xtenders™** (Optional accessory) increase the patient surface area by 95%, giving a greater feeling of comfort and stability.
- **SAE-compliant Ferno X-Restraints** are color coded for ease of use

BUILT FOR LONGEVITY AND SIMPLE OPERATION

- Tested in a controlled environment to **10+ years of service**
- **All-Metal Frame Construction** provides, strength, durability, and performance with heavy patients.
- **2-Year Warranty** (Ask your Ferno Representative about our extended service agreements)

CROSS-COMPATIBLE DESIGN

- **iINLINE Compatibility Kit** allows you to secure the Pro 28Z to the iINLINE Cot Fastening System, making it SAE compliant. The Pro 28Z is also compatible with the 173 Cot Fastening System
